### HIGH RATES FOR COAL.

Reading's Proposition for Tonnage to Independent Operators.

President McLeod, of the Reading, has offered the independent operators, producing coal on the Reading, Jersey Central and Lehigh Valley lines, a proposition to market their entire tonnage on the following basis:

At \$4 per ton or less, the operator gets no per cent, and railroad 40 per cent; over \$4 per ton the operator gets 40 per cent of the advance and railroad no per cent; all over \$4.50 per ton the operator gets 30 per cent of the advance and railroad 70 per cent.

This is virtually a minimum price of \$4.50, to store coal, a higher average price than has ruled for years.

Coxe Bros. have accepted the proposition, and twenty other operators, producing in all 3,000,000 tons per annum, have also agreed to the plan.

M. ROUVIER FINALLY REFUSES.

Will Make No Further Attempt Form a Cabinet.

BY ASSOCIATED PRESS.

PARIS, Feb. 23.—M. Rouvier, who has been trying to form a new Cabinet, visited President Carnot today and finally refused to make any further attempt to organize a Ministry.

The President has now summoned M. Bourges, Minister of Public Instruction and the Fine Arts, to the cabinet, to undertake the formation of a cabinet.

"We might as well starve in idleness as to work and starve."

Ten families were evicted yesterday from 216 Pitt street. With money contributed by sympathetic people Leader Baroness secured new quarters for them.

With his eyes in his eyes H. Nagel reported this morning that the agent of the tenement at 64 Forsyth street, where he lived, had served a dispossess notice upon him and that his wife was very sick in bed. He had begged for two days' time and this had been granted, but what he was going to do then he didn't know.

One after another similar reports are being received by the Executive Committee, and in their extremity they have issued an appeal to the public for aid.

"A thousand dollars a week isn't much to divide among 800 people to keep them from starving," said Leader Baroness.

Treasurer Moses Kunze of 152 Second street, had received a little over \$600 up to this morning as the result of the appeal; if more relief is needed quickly forthcoming the suffering will be dreadful.

The strikers claim that the employers are endeavoring to force them back into the "sweating" shops. They demand \$15 a week for operators, \$16 a week for pressers, that place workers be paid the regular scale in force before Baroness's imprisonment or taken into account in the compensation of the operators.

At this point the condition of the men was still further excited by a socialist orator, and while the "Marselles" arose in singing voices from the threats of thousands of strikers to the castes gossips were resumed.

Linen workers who sought in vain to stem the living tide. The officers were thrust aside with violent force, and the excited men were charging towards the very gates of the castle, who stood ready with loaded pieces, when a large and fresh force of police suddenly appeared and headed the charge.

Then ensued the conflict which ended as above.

Nows of the demonstration spread rapidly through the town and hurried despatches were sent to other parts of the Empire and to other European capitals.

Berlin is wholly excited. The demonstration was one of the most remarkable and startling ever experienced in the city.

Globally, too, the alarm is expressed on every side, it is admitted that the affair was but an outward expression of a long-nurtured feeling of discontent.

In connection with the event every thing, even cithion, by taxation imposed to the words of the Emperor uttered last night in a speech at the banquet referred to him by the members of the Prussian Diet.

"Go my way," said the young monarch, "and that is the right way."

And he added after a promise of splendid results to those who will not hear me say as well shall the end of Germany from their mouth."

**MAY SETTLE THE STRIKE.**

Carpenters and Cabinet-Makers Will Try to Compromise.

Committee of Cabinet-Makers' Union No. 7 and Carpenters Union No. 151 will meet at 1551 Second avenue this evening to consider steps to be taken to bring about a settlement, if possible, in the strike against contractor E. Howit, who has the carpenter jobs on the new Astor hotel.

Representatives of the Housewives' and Architectural Iron-Workers' Unions have been suspended from the Board of Walking Delegates, as it is alleged that the members of their respective organizations resumed work.

The Walking Delegate of the House-Painters' Union denies that his Union declared the strike to be unjustifiable. The places of the striking carvers have been taken by non-strikers, and the work is progressing.

Thus far the strike has been unbroken, and the men have been working at their old posts.

Mr. Howit, who has the carpenter jobs on the new Astor hotel, has agreed to meet the strikers at 10 o'clock A. M.
